

Course: IT202-008-S2025

Assignment: IT202 Module 1 Checkpoint

Student: Gori H. (gs658)

Status: Submitted | Worksheet Progress: 100%

Potential Grade: 10.00/10.00 (100.00%)

Received Grade: 0.00/10.00 (0.00%)

Grading Link: <https://learn.ethereallab.app/assignment/v3/IT202-008-S2025/it202-module-1-checkpoint/grading/gs658>

Instructions

1. Ensure you've followed the lessons to set up your Github, git, and VS Code
2. Fill in the below tasks (note it'll save as you go)
3. Once everything is filled in, ensure you click "Submit and Export PDF"
4. Upload the PDF to Github in a Module1 folder
5. Find the downloaded PDF and move it into the location of your local repository folder (don't use the Github upload option as we want to practice the git commands)
6. Use `git add .` to track all file changes (i.e., the PDF)
7. Use `git commit -m "Uploading M1 PDF"` to record the change and provide a meaningful message
8. Use `git push origin main` to move the changes to the remote repository's main branch (Note: Future assignments will have a dedicated branch name for their work)
9. Take the same PDF and upload it to the Canvas submission

Section #1: (10 pts.) Tasks

Task #1 (0.00 / 2.22 pts.) - Screenshot of VS Code Extensions for t

Weight: 22.22%

Objective: *Screenshot of VS Code Extensions for this class*

Details:

- Ensure you have the following extensions
 - PHP Intelephense
 - WakaTime
 - Git Lens
 - MySQL Extension

```
4 mins RCADMC.md
4 mins public_html/gs658-IT202-
3 mins test-db.php
3 mins lib/RCADMC.md
2 mins composer.lock
2 mins lib/db.php
1 min composer.json
20 secs Procfile
21 secs proposal.md
19 secs lib/config.php
17 secs lib/inv
16 secs public_html/RCADMC.m
3 secs RCADMC.m
3 secs public_html/proposal.md
```

Task #4 (1.11 pts.) - Provide Info about your Github Repository

Combo Task:

Weight: 11.11%

Objective: Provide Info about your Github Repository

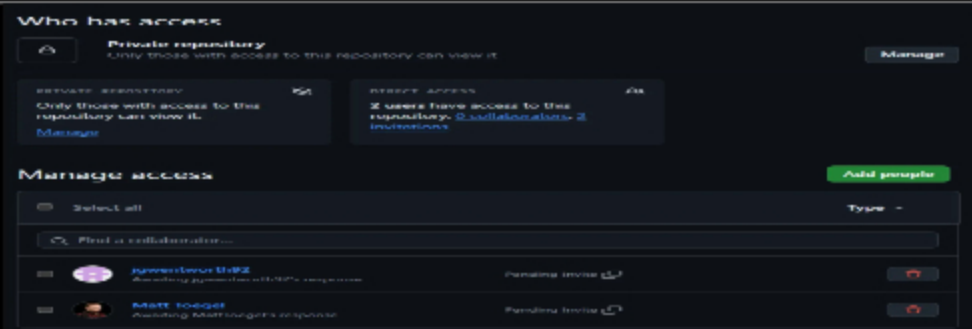

Item:#1

Weight: 60%

Details:

Show the Collaborators page with an invite sent out to me `MattToegel` and the grader(s) (if applicable: see Canvas announcements)

≡ Image Prompt

The screenshot shows the 'Who has access' page for a private repository. It includes a 'Manage' button, a 'Private repository' section with a 'Manage' button, and a 'Manage access' section with a 'Add prompt' button. The 'Manage access' section lists collaborators: 'gwenclaw IT02' and 'Matt Toegel', both with 'Pending invite' status. A yellow dashed arrow points down from the bottom right of the screenshot to the text 'repository access'.

repository access

Item:#2

Weight: 40%

Details:

Share the link to your github repository. The url should be in the form of <https://github.com/username/ucid-course-section>

≡ Url Prompt

URL #1

<https://github.com/goribanu/g658-IT202-008.git>

URL

<https://github.com/goribanu/g658>

 Saved: 2/9/2025 6:14:40 PM

Task #5 (0.00 / 2.22 pts.) - Reflection

Weight: 22.22%

Objective: *Reflection*

Details:

- Did you have any issues/problems this module? If so, what were they and how did you solve them?
- Did you learn anything new this module? If so, provide some brief details.
- If both answers were no, briefly explain your prior background.

≡ Text Prompt

Your Response:

I kept getting a few errors about my key when trying to push my changes from VS code to Git. I resolved this by using "nano .git/config" and adding the "sshCommand = ssh -i ~/.ssh/cs100-h05". I learned that this command allows us to specify a custom SSH key for any Git operation and is used when you need to tell Git which SSH key you want to use for a specific repository.
